Minister will open hall

The Minister for Education (Mr. Wetherell) will open the new assembly hall at Connells Point school at 2.30 p.m. next Saturday.

Local residents contributed more than £3000 of the £12,000 cost of building the hall.

The Education Department subsidised the work following representations made by a building committee elected at a public meeting in November, 1959.

The department has also provided seating for the hall, and curtains, planned by a consultant from the Elizabethan Theatre Trust, were made by Turner Bros., Kogarah drapers.
