September 2 2010

Dear Parents/Guardian,

On Friday afternoons the children in Years 3-6 participate in sport. For those children not in PSSA teams, the children have a choice of sports/activities. The 10 week sports term will commence on Friday 17 September. The choices are as follows:

* School sport – no cost, **no need to return this form**

* Touch football at The Green, taught by representatives from the Touch Football Association. Cost will be $3.50 per week; $35 for the 10 week session.

* Ultimate Frisbee, which is a new game with rules similar to netball, teaching the children throwing and catching skills, as well as co-ordination and team playing behaviour. This will be taught by a teacher from a sports company and will cost $4.50 per week; $45 for the term.

* Yoga (for fitness, not meditation). This helps children with strength, flexibility, co-ordination and relaxation. This will be taught by a Yoga teacher and will cost $5 per week; $50 per term.

Please return your child’s request form below by Tuesday 7 September so that numbers can be confirmed and organisational lists prepared. The children are put into an activity as their requests are processed by Mrs McCain each day, so the notes need to be returned quickly in order to receive their first request. Children trying out for PSSA teams should hand in a request form in case they don’t make it into a team. **Children should only number preferences which they are prepared to do. Don’t send any money yet; when your child is told which sport they will be doing, they will receive a note requesting the money. Thank you.**
