Dear Parents and Carers,

In Term 3, as part of the teaching and learning content for Personal Development, all students K-6 will participate in Child Protection lessons. The aim of these lessons is to assist students develop skills in:

- Recognising and responding to unsafe situations
- Seeking assistance effectively
- Establishing and maintaining positive relationships based on equality, respect and responsibility.

During Child Protection lessons our students will be learning about protective skills as well as building confidence in relationships which are positive and caring. Children discuss networks of trusted adults and are taught that there are people and services to help them within their community.

Child Protection is a mandatory topic taught by teachers in all NSW Public Schools. Consideration of personal issues is important for the success of the program. However, we are aware that some of the content of the Child Protection program is personal and of a sensitive nature. For further information regarding what is taught and to view sample content, please refer to the Child Protection link below.

If, after viewing the website, you would like to discuss any concerns, you are also most welcome to make an appointment with your child’s classroom teacher.

Mrs T. Corben
Relieving Principal
