Dear Parents and Carers

2014 will be a year of change in NSW schools with the mandatory implementation of our first “NSW Syllabus for The Australian Curriculum” – English.

As a staff group we began our learning journey to successful implementation on the Staff Development Day this term and we look forward to working with the new document for the educational benefit of all our students.

As Deputy Principal, I will be working with our staff during the next two terms and I would like to offer a session for parents. This would be to inform you of the changes you might see in the language and strategies your children will be sharing with you and to help you understand the main changes from the current syllabus.

If you would be interested in attending a session can you please indicate below what time would suit you best and return to your child’s classroom teacher by Tuesday 11 June.

Mrs Therese Corben
Deputy Principal
Connells Point Public School

I would be interested in attending a session on the new syllabus. YES/NO

My preferred time would be: 2-3pm MON/TUES/WED/THURS/FRID
7-8pm MON/WED
