Drama club is a winner

HARRY Kinezos and Dayna Kostantakis, captains of Connells Point Public School, do not mind going to school because everyone is friendly.

"I enjoy every day at school," Harry said. "It has given me lots of opportunities, including representing the school at swimming carnivals, dance, music festivals and just being able to hang out with my friends."

Dayna said the school had a caring environment.

"Staff are helpful, students are polite and everybody looks out for each other," she said. "The facilities, such as our new library and our performing arts room, are wonderful and we have a drama club and a debating team."

Fun days: Harry Kinezos and Dayna Kostantakis enjoy the opportunities on offer at their school.

Kids told: eat fruit and veg

CHILDREN are being encouraged to eat fresh fruit and vegetables as part of the Gutsy Challenge. The challenge, from March to November, raises money for gastro-intestinal (GI) cancer research. The money raised from eating two fruit and four vegetables serves a day for one week helps the GI Cancer Institute fight the disease.

More than 20,000 Australians are diagnosed each year with GI cancer, which occurs in the oesophagus, stomach, liver, gall bladder, pancreas or bowel.
